

## **PUBLIC NOTICE OF PAPER CHART DESTRUCTION**

Children's Health Partners recently received a notice from Access storage in Bartlett Illinois that our paper records, including patient **paper** charts, were destroyed in a fire on February 3, 2022.

This was a secure facility that housed medical records as well as records from many other types of businesses. The CHP records that were stored there were **paper records for patients who joined the practice prior to September 13, 2013.**

If your child was seen by our physicians after this date, records of those visits, as well as, vaccinations, growth charts, and other pertinent paper medical records, as determined by our physicians, were scanned into your child's electronic record, which was not affected by this fire. If your child was seen in our office from 2010 – 2013, but not afterward, we may have your child's vaccination record stored electronically, as well. If you have questions, please call 630-848-1700 and ask for the office manager.

### **FINAL DESTRUCTION CONFIRMATION**

This document serves to inform you of the FINAL DESTRUCTION of inventory lost in the February 3, 2022, fire incident at Access in Bartlett, Illinois.

Access certifies the cartons listed on the enclosed document have been destroyed. These cartons were inadvertently destroyed without your authorization and at no fault of your own. We regret the unfortunate circumstances leading to the disposition of these cartons and would like to express our gratitude in your willingness to work with us through this event.

Should you have any questions regarding this FINAL DESTRUCTION CONFIRMATION, please call Client Care at (877) 345-3546.
